

The Children's Resource Program

September 2016 Newsletter

It's hard to believe, but it's that time of the year again - the beginning of a new school year. Welcome back! The Children's Resource Program (CRP) works with every school district in Ventura County to make sure low-income, underserved and at-risk children, under the age of 18, have access to free dental and vision care services. Schools refer these children because their untreated conditions are interfering with their ability to learn and develop appropriately.

We are so thankful for the support of the community, especially the **Julius Gius Memorial Rotary Club** for their recent funding and ongoing support!

The 23rd Annual David Fainer, MD & Leo Tauber, MD – Ventura County Community Awards

Since 1956, the Ventura County Medical Resource Foundation (VCMRF) has been a leader in recognizing the achievements and dedication of the County's medical doctors and health care professionals through our annual event. By acknowledging the work of health care professionals County-wide, VCMRF brings awareness of the exemplary work taking place every day in the health care community to help drive innovation in patient care and access to care for all residents, especially the County's underserved population.

2016 Oral Health Specialist

Scott Packham, DDS

Dr. Packham was raised in Camarillo, completed his undergraduate studies at UC Santa Barbara, and earned his Doctorate of Dental Surgery from UCLA. He served as a Dental Officer in the US Navy for six years and earned the rank of Lieutenant Commander. Upon returning to Camarillo, he joined Rosewood Dental Group in 1995. Recognized for his philosophy of personalized dental care and commitment to quality, Dr. Packham and Rosewood Dental represent a model of excellence in dental care. Dr. Packham has also been a CRP donor for several years. He provides multiple services and assistance to children in pain.

CRP Donor Spotlight

Jessica Goldenberg, DDS & Michael McQuillan, OD

This year, at the Fainer/Tauber, MD Awards, Dr. Goldenberg and Dr. McQuillan joined VCMRF by "standing up" to raise money for our program. Dr. Goldenberg loves working with families and children. It is important to her to make pediatric dental visits fun and enjoyable. She prides herself on always being honest and providing conservative dental care. Utilizing the latest optometric technologies Dr. McQuillan and his team of expert optometry staff are able to provide excellence in all aspects of optometry and complete vision care. Both doctors have been CRP donors for almost a decade, providing free dental and vision care to children in need, and never putting a limit on the number of patients they see.

Making A Difference & Giving Hope

We ask for your urgent support to help us meet the challenge of treating vulnerable children that suffer from vision problems and dental disease. Please show your support for these children by making a donation.
